Declaration of operational compliance between Tigo’s TS4 Module Platform and Schneider Charge Controllers

Tigo and Schneider are pleased to announce that the following product combinations from Schneider:

- MPPT 60 150 Charge Controller with MPPT Disconnect RS
- MPPT 80 600 Charge Controller with MPPT Disconnect RS

can be used successfully in combination with the following TS4 product families from Tigo:

TS4-F

TS4-R-F

TS4-A-F

TS4-A-2F

Tigo and Schneider have conducted testing and validated the effective performance of the systems together within standard testing environments. Warranties from Schneider and Tigo will remain valid if the design, installation, and operation requirements are followed for each product.
